Sommerfield & Mayer,  
Service Garage, Stony Plain

### Divorce Granted.

Margaret Roberts of Stony Plain was granted a divorce decree nisi from David Roberts by Mr Justice Ewing last week, in the Supreme Civil Court, Edmonton. George J. Bryan, Stony Plain, represented the plaintiff.

### Generous Storekeepers.

That there is a good deal in the claim that Alberta retailers are generous in giving relief assistance is amply proven by the fact adduced by a legislative committee in a return made last week in the House. This was that six thousand retail storekeepers in Alberta had given credit to hard-pressed customers to the extent of \$40,000,000.

If, as claimed, farmers are the backbone of the country, the country merchant is the man behind the farmer.

### Co-operative Meeting.

A meeting was held Saturday afternoon, at the local U. F. A. Hall, of the Stony Plain Provincial Constituency Political Ass'n, with Mr W. T. Propp in the chair, and Mr Matthews, secretary of the association, taking notes. Several matters were dealt with, and an effort was made to institute a co-operative society in connection with the association, but owing to there not being sufficient members present, action on this was deferred.

This association is composed of the presidents of the U. F. A. Locals in the Stony Plain Constituency.

The next meeting will be held at Wildwood on June 12th.

### Funeral of Mrs. Baumberger.

The funeral took place on Saturday afternoon last of Mrs. Sophia Baumberger, who had passed away on Thurs. March 17, after a lingering illness. Her husband, Karl Baumberger, pre-deceased her 12 years ago.

Funeral services were conducted at her late residence and at St. Matthew church by Rev E. Eberhardt, and interment was made in the St. Matthew churchyard.

Deceased was a very old resident of the Garden Valley district, coming from the old country in the year 1898, and resided continuously in that district since that time.

She leaves to mourn her loss 2 sons: Pete, at home; and Karl, who resides in the Westlock district; 3 daughters, Mrs. Jac. Enders, and Mrs. Jacob Trautman, of Golden Spike; and Mrs. Schram of Bruderheim.

Easter Monday Dance,  
in Moose Hall,  
March the 28th, 1932

## We Are Learning Now

It is not in times of prosperity but in adversity that people learn their most valuable lessons. They may not be accumulating immediate and material profits, but they do unquestionably profit, reaping the benefits throughout the years to follow.

And what is true of individuals is equally true of nations and of the world. When things are moving along quite satisfactorily for the time being, normal or even abnormal developments taking place and progress recorded, when people are content and satisfied, individuals and nations learn very little of the real meaning and vital things of human existence. It is not in times of prosperity that great reforms are achieved and marked advances made in human and social relationships; rather it is when we consider "all is well" that we slip back and lose our grip on real fundamentals.

In the months and years immediately preceding the great stock market crash in the latter part of 1929, few people were worrying about anything, unless it was how to make still more money than was accumulating to their credit. They were not at all concerned about existing social conditions and giving no thought, or very little, to vital principles underlying all economic problems, including the possibility of future unemployment, mounting personal and national debt, heavier taxation, all combining to possibly result in loss of businesses and homes.

We find governmental bodies and special parliamentary committees grappling with the many and intricate problems involved in the relationships existing between debtors on the one hand and creditors on the other. They are discovering that, in the palmy days of abounding prosperity, when people took little thought of the future, when money and credit were easy, when production was booming, markets plentiful and prices high, a huge volume of debt, in large and small amounts, was contracted which it is now utterly impossible to pay, and which now rests like a wet blanket upon all business, industry and means of production. Efforts are being directed to finding a way out of the morass in which people and nations are sinking, and to provide checks to a recurrence of such a condition when once again the world becomes thoughtless through prosperity.

A Royal Commission is studying the transportation problem. A few years ago the railways of Canada were doing an enormous business, rapidly expanding their systems, the privately-owned road paying large dividends with their stock quoted at a premium, and the government-owned road steadily, even rapidly, through re-organization and efficient management, increasing its profits on operation to such an extent as to give promise that the day was at hand when it would no longer be a drag on the Federal Treasury. But now both systems are in deep financial trouble, and a solution of their difficulties is sought. In adversity they, and the country, are learning lessons they seemed to study when prosperous only a few short years ago.

Had a sound system of unemployment insurance been established during the years of our prosperity, thousands of people and the country itself would have been saved much of the grief of the past two years. But, when times were prosperous, everybody employed at good wages, business boom time then could not have mustered a corporal's guard. It would have been, nobody was in a mood to even consider the possibility of future unemployment on a gigantic scale. Support for a scheme of unemployment insurance then could not have mustered a corporal's guard. It would have been laughed to scorn. But now, in adversity, we are learning the lesson that Joseph of old taught the ancient Egyptians,—"In years of plenty prepare for years of famine."

For a good number of years past, the need for a thorough over-hauling of Canada's constitution, the B.N.A. Act, has been manifest. A splendid document in 1867, its designers could not foresee an age in which radio and the airplane would wipe out provincial boundaries in the twinkling of an eye, nor could they vision this electrical age with its mechanical age with its myriads of inventions and mass production on farms as well as in factories. A nation itself cannot control radio, let alone a province. The ether waves recognize no arbitrary boundary lines. If Canada and the United States each attempted a radio policy independent and regardless of the other, only chaos would result. Yet some provinces desire to control both the radio and railroads within their smaller bounds.

Recently the Privy Council declared the Dominion Insurance Act unconstitutional, and that control of insurance rested with the provinces, under the terms of the B.N.A. Act. Yet insurance is not even national, but international in its organization. There is too much conflict between the provinces and the Federal authority. It is a constant succession of expensive lawsuits to determine which possesses authority. In our adversity we are learning that we cannot afford to have all this multiplicity and conflict in government and administration, and the time would appear to be ripe for the holding of a conference, not of a few days, but a comprehensive one to go over the B.N.A. Act in its entirety with a view to more clearly defining the respective jurisdiction of the Dominion and the provinces. In view of the different conditions prevailing in 1932 as compared with 1867, coupled with the rising costs of provincial government, it would seem to be the part of wisdom for the provinces to relinquish certain matters in regard to which they possess a divided control with the Dominion, and entrust them solely to the Federal authority in the interests of a more unified and united Canada, and a lessening of the burden of taxation upon all.

## Sharp Pains In His Heart Nerves In Bad Condition

Mr. Fred J. Chase, Thomson Station, N.S., writes: "I have used Milburn's Heart and Nerve Pills with wonderful results. My heart would beat so fast I would have to stop when at work chopping in the woods. I had sharp pains in my heart when I would lie down at night."

My nerves were also in a very bad condition, but after using two boxes of Milburn's Heart and Nerve Pills I feel just fine, and am fourteen pounds heavier than I have been for years."

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Price 50c a box

## Cheaps Means Of Travel

Bicycle Is Very Popular In England and Europe

The bicycle is returning to favor. Cycle manufacturers are finding the demand for bicycles higher than it has been for the last seven or eight years. Certain places have always been known as Bicycle Towns. Bedford is the most famous example in England, and has the highest proportion of bicycles to its population. This is probably due to the flatness of the surrounding country. Abroad, the bicycle is very popular. Copenhagen, for instance, moves almost entirely on the bicycle, so does the Hague. In Berlin the streets are crowded with bicycles at the hours when people are going or coming from work. Factories on the outskirts of the city have accommodated for thousands of bicycles, as most of the workers find this the cheapest way of travelling.

## FASHION HINT

"How to make my old short skirts conform to the new length was a problem to me," writes Mrs. Mason. "I dropped the hems; and as the part that had been turned under was darker than I could stand, I dyed the entire dress, after having bleached the goods, following directions in the Diamond Dyes package."

"I used Diamond Dyes for the dyeing, of course. I have dyed many things with these wonderful colors. They have saved me many dollars and have never failed to give perfect results—smooth, even colors—fast to wear and washing. Friends think my things are new when I redye them with Diamond Dyes. They give me the most gorgeous colors!"

Mrs. G.C. Lewis, Quebec.

## Gold Mine In Sweden

Third Largest In World Is Situated Under A Lake

The third largest gold mine in the world, situated beneath a lake in the north of Sweden, in a district producing annually more than eight million dollars worth of the precious metal, is described in an official statement by Count Albert, Ehrensvard, the Swedish Minister in Paris. Count Ehrensvard predicts that Sweden may advance to the rank of gold-producing countries. Since 1918 engineers and geologists have been working secretly in the primitive Skelleftea district on the Baltic Sea, the Minister declared, and have progressed to a point where more than forty shafts are being developed. The mines produce silver, zinc, and arsenic in sufficient quantities to pay entirely for the working of the Boliden under-water mine, discovered only in 1924, and now third most important gold mine in the world.

**Relieves Asthma At Once.** If you could read the thousands of unolicited letters received by Kellogg's from grateful users you, too, would realize the remarkable powers of Dr. J. D. Kellogg's Asthma Remedy. All cases, incipient and chronic, are benefited by this great family remedy. Why suffer or experiment with worthless preparations when the genuine Kellogg's can be purchased everywhere.

## Priceless Tapestry Damaged

A priceless tapestry depicting the childhood of Christ in the Church of the Nativity in Bethlehem, was slashed with a knife in the absence of the usual police guard. The Church of the Nativity, built over the manger in which Christ is supposed to have been born, is visited by many thousands of pilgrims every Christmas. The tapestry was presented to the church by France in 1874.

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take sugar, so that few children will refuse them. In some cases they cause vomiting through their action in the uncured stomach, but this is only a manifestation of their cleansing power, no indication that they are bad. They can be thoroughly depended upon to clear worms from the system.

The first stainless steel was the work of Michael Faraday, English physicist.

Nearly 90 firms are now engaged in the Scotch tweed industry of Scotland.

Quick action saves trouble, worry. Keep Douglas' Egyptian Liniment always handy. Stops bleeding instantly. Cauterizes wounds. Quickly relieves Barber's Itch and Ringworm.

W. N. U. 1984

## YESTERDAY—

## Cranky and Fretful

TODAY—

## Happy and Contented

Mrs. M. Mason, Halifax, praises BABY'S OWN TABLETS.

"Baby's Own Tablets have indeed been a friend to me," writes Mrs. Mason. "When the children are over-tired and restless I give them their dose of Baby's Own Tablets at night, and in the morning I can see that a wonderful change has taken place—they are happy, contented and sound children, and a pleasure to cope with."

Mrs. F. Kathleen Sager, 151 Dwyer Dr. Williams'.

## BABY'S OWN TABLETS

Make and Keep Children Well—As Mothers Know

Read, Toronto, says: "I have found it wise to give Baby's Own Tablets whenever 'Sonny' has a slight cold or whenever he is inclined to be cross."

Give your child BABY'S OWN TABLETS for teething troubles, colds, simple fevers, colic, upset stomach, constipation, sleeplessness, and whenever he is cross, restless and fretful. Children take them eagerly—like candy. And they are absolutely SAFE—see the certificate in each 25-cent package. Over 1,250,000 packages sold in 1932.

## Another Patent For

Late Thomas Edison

Given For Apparatus Which Electroplates Nickel On Diamonds

Edison is dead, but the United States Government is still awarding him patents for his inventions. The Patent Office has just issued a patent to Thomas A. Edison for an apparatus which electroplates nickel on diamonds to be used in cutting and grinding tools. The diamond is the hardest known substance and it is therefore very efficient in grinding metals such as steel. It is difficult to mount these diamonds in suitable tools. Edison's invention overcomes this difficulty by providing a machine which electroplates nickel on the diamonds, after which they can be held rigidly in grinding tools. Edison also proposed to mount diamonds in a similar manner for phonograph needles. The signature of Edison in his well-known, firm and bold handwriting appears on the drawing of the patent.

## In These Hard Times

Yes, these are hard times. We throw away much and buy soap; we raise dogs and buy hogs; we grow weeds and buy vegetables and brooms; we catch fish with a \$4 rod; we build schoolhouses and send our children to be educated away from home; and at last we send our boys with a \$40 gun and \$10 dog to hunt 10-cent rabbits.

Worms in children, if they are not attended to, cause convulsions and often death. Mother Graves' Worm Exterminator will protect the children from these distressing afflictions.

Making artificial flowers has become a "cottage" industry in Czechoslovakia.

## Hunted Foxes Display

Remarkable Ingenuity

Destroy Their Scent By Running Along Railway Lines

Hunted foxes and hares display considerable ingenuity and one, at least, of their tricks cannot be the result of ancient heredity; they will run along railway lines keeping on the metal rails. This appears to be a further application of the habit, common to hunted animals, of running in a stream, to destroy their scent. The cold rail may have suggested cold water; actually it has much the same effect.

## Simple Remedy For Bad Stomach Gives Swift Relief

No Need of Strong Medicines Or Diet. Safe and Simple Home Recipe Keeps Stomach in Fine Condition

If you are a victim of Stomach Troubles—Gas, Sourness, Pain or Bloating—you may have your own system relieved by following this simple advice. Don't take strong medicine. Artificial digestants or pull down your system with starvation diets. For within reason most folks may eat what they like until they keep their stomach free from pouring acids that hinder or paralyze the food digestion. A week's trial of Bismarck's Magnesia tablets, which are good druggists can supply at trifling cost, should quickly convince you that 90 per cent of ordinary stomach distress is absolutely unnecessary. Be sure to get Bismarck's Magnesia Tablets!

Brazil's population has increased 27 per cent in ten years.

It is thought that a full moon weakens radio signals.

# NEURALGIA

THE agonizing aches from neuralgia can be quieted in the same way you would end a headache. Take some Aspirin tablets. Take enough to bring complete relief. Aspirin can't hurt anybody.

Men and women bent with rheumatism will find the same wonderful comfort in these tablets. They aren't just for headaches or colds! Read the proven directions covering a dozen other uses; neuritis, sciatica, lumbago; muscular pains.

Cold, damp days which penetrate to the very bones have lost their terror for those who have Aspirin tablets with them! All drug stores, in the familiar little box: Made in Canada.

## Federal Government Considers Question Of A Railway Outlet For The Peace River District

Construction of the Peace River district railway outlet, a matter for consideration by the Federal Government, R. J. Manion, Minister of Railways, told the House of Commons. Although much thought had been given to the question, the administration was not prepared to announce its decision at the present time.

"I believe finally a Peace River outlet will have to be built," said the railway minister. "It is only a matter of time, a question as to when it will be built."

Neither the Canadian National nor the Canadian Pacific Railway considered the Peace River outlet an economic feasibility at the present time, said Dr. Manion. They would not undertake its construction. "This threw the question back to the Federal Government."

Charles Stewart, former Minister of the Interior, considered the Peace River outlet so important he advised the government to delay for a short time the St. Lawrence River development and give precedence to the far-western railway.

The Peace River outlet has become a perennial question in the House. It is proposed to link up the "agricultural empire" of the Peace River with the Pacific Coast. Its only connection with the south at the present time is through Edmonton, Alberta. The estimated cost of the western link has been placed between \$15,000,000 and \$30,000,000, depending upon the number and extent of branch lines and the route.

During the past year a committee of engineers studied the problem at the request of Dr. Manion. Their report was unfavorable to the immediate construction of the line, but they favored the Obed route. The minister of railways said both Sir Henry Thornton, president of the Canadian National, and Edward Beatty, President of the Canadian Pacific, concurred in this report, although Mr. Beatty did not support the Obed route.

Mr. Kennedy said the question of the outlet had been studied without consideration being given to all the facts. The population of the Peace River country had grown from 20,000 to 40,000 people within the last five years, and there had been a drift of new settlers into this district from the dried-out areas. Construction of the outlet would provide assistance to people in this district in the development of their farms and was a better step than the giving of relief.

The yield per acre in the Peace River district was from four to six bushels higher than the yield in the prairie provinces, and the land available in the Peace River section was of the best quality. Mr. Kennedy declared. He took issue with statements of engineers in regard to the paying possibilities in carrying products from Peace River to British Columbia.

Mr. Manion asserted that, if his memory served him correctly, the president of one of the railways, either Sir Henry Thornton or Mr. Beatty, had declared it would require 10 times the present crop in the Peace River district to justify building the outlet.

The rates from Grand Prairie, in the Peace River, to Fort William and also to Vancouver were quoted by Dr. Manion. He did not regard them as unreasonable in view of the distance involved.

"Is there any greater misfortune than to be married to you?"  
"Yes—to have been in love with you!"—Die Musketiere, Vienna.

W. N. U. 1934

### Lipton's Fortune

Efforts To Win Yacht Cup Removed Him From Millionaire Class

Sir Thomas Lipton's efforts to win back the America's cup for Britain removed him from the millionaire class just before he died, so his friends say.

It was believed at the time of his death in October, that his will would show a fortune running into millions, but the total estate was worth only £560,000.

"The America's cup races cost Sir Thomas very much more than was generally realized," said one of his most intimate associates. "Besides, he disposed of several large sums of money in the years before his death. Lipton's affectionate friends in the United States remained to the end, for he bequeathed the gold loving cup, which was bought by popular subscription and presented to him on his last visit to New York, to the New York Yacht Club."

The greater part of the Lipton fortune went to hospitals and charities, although many substantial gifts were made to friends and old servants in both Britain and America.

By Annette

A DARLING WEE MODEL THAT IS EASY TO WEAR, TO MAKE AND LAUNDER

Happy! Well I guess in such a comfy dress for playtime. The dropped bandied shoulders form the brief sleeves.

It's so simple, it could almost be run up on the sewing machine and finished before breakfast. Just a few seams to join and finish the neck and arms with the applied band trim.

Red and white plaided cotton broadcloth with plain white is fetching, as pictured.

Light navy blue pique with tiny white dots and plain white trim is typically French.

Dimities, batiste prints and dotted swiss are dainty as can be and sturdy too.

Style No. 984 is designed in sizes 2, 4 and 6 years.

Size 4 requires 1½ yards 22 or 30-inch with ¾ yard 35-inch contrasting.

Price of Pattern 25 cents in stamps or coin (coin is preferred). Wrap coin carefully.

### Indian Population

Increased Figures Shown For Saskatchewan and B.C.

The Indian population of both British Columbia and Saskatchewan increased during the last 10 years, figures issued by the Dominion Bureau of Statistics indicate. Indians on British Columbia reserves in 1931 totalled 23,297, an increase of 2,905 in the decade; on Saskatchewan reserves, 11,939, a 10-year gain of 1,905.

British Columbia has a population of 694,263, an increase of 170,281 in the past decade, final figures for the coast province census of 1931 show.

The population of federal electoral districts in: Cariboo, 52,700, increase, 12,568; Comox-Alberni, 25,669, increase, 2,991; Fraser Valley, 69,507, increase, 9,686; Kootenay East, 22,566, increase, 3,329; Nanaimo, 55,524, increase, 7,514; New Westminster, 69,294, increase, 22,382; Skeena, 30,458, increase, 1,424; Vancouver-Burrard, 82,519, increase, 26,221; Vancouver Centre, 75,234, increase, 14,355; Vancouver North, 22,972, increase, 8,757; Vancouver South, 89,556, increase, 43,419; Victoria, 39,082, increase, 355; Yale, 40,637, increase, 4,939; Kootenay West, 39,943, increase, 9,441.

### Official Smoke Inspectors

Men In London Keep Tab On Forbidden Kind

Probably the queerest job in London is that of two men whose job is to look out for smoke. The London Council has strict regulations against the emission of smoke from factory chimneys. On the roof of the Underground power station at Lot's Road, Chelsea, is a little hut inhabited by the smoke spotter on duty. He looks anxiously at the great chimneys, and then produces a glass screen. This is colored with four different shades. He looks through his screen and compares its color with that of the shades on the glass. Should the smoke be of the same hue as the darkest of these, the smoke-spotter presses a button. Instantly bells ring, hooters blow, and colored danger signals appear in various offices. One furnace is emitting smoke of a prohibited kind, and the boiler-room huns with activity until the smoke-spotter from his lofty perch gives what is quite literally the "all-clear."

### Printers Are Responsible

Expression "Out Of Sorts" Is Used By Compositors

For the expression "Out of Sorts" printers are responsible. The different kinds and sizes of type used by a compositor are called "sorts." Sometimes his supply of some kinds may become exhausted, when any work in hand may have to be suspended until his "font" is replenished from the typefounder's or the machines. While waiting for supplies, he is, of course, being unable to work properly, "out of sorts."

In the past two decades the use of alloy steels has grown ten-fold.

## Gold Producing Provinces Of Western Canada Adding Materially To Nation's Wealth

According to preliminary estimates of gold production for 1933, the Yukon Territory and the gold producing provinces of Western Canada accounted for some 881,000 ounces, or nearly 24 per cent. of the total production of the country. Manitoba's output advanced from 23,189 ounces in 1930, to 109,510 ounces in 1931. The output from British Columbia decreased from 164,851 ounces to 153,934 ounces, and that of the Yukon was slightly in excess of the previous year.

The increased output from Manitoba is largely accounted for by the continuous operation throughout the year of the Kensington City Mining and Smelting Company's smelter at Pin. Fon, according to Mr. A. H. A. Robin, son of the Dominion Department of Mines, Ottawa. The smelter treats the copper-silver-gold ores from the company's Pin Fon ore body and from the Sherritt Gordon Company's mine at Sherridon. The Central Manitoba mine, operating a straight gold property in the south-eastern corner of the province, produced gold to the value of \$30,000 to \$40,000 monthly during the year. The Gem Lake Mine in the same section contributed a few thousand dollars to the output. A 50-ton mill is now in course of construction at this property, and will replace a small mill which was not equipped to recover that part of the gold contained in the sulphides. At the San Antonio property, near Central Manitoba, a cyanide mill having an initial capacity of 150 tons is expected to be in operation during the present month.

The decline in British Columbia's output is attributable to curtailment of production from copper mines from which, normally, about 19 per cent. of the gold output is obtained, to a smaller output from the Premier Mine, long the chief gold producer, and to the closing in 1930 of the Nickel Plate Mine. These decreases, however, were partly compensated for by largely increased production from the Pioneer, the Reno and the Union Mines and by a larger output of placer gold.

The Union property in the Grand Forks district was once a silver mine, but recent developments have changed it into a gold mine of considerable promise. The Reno Mine, on Sheep Creek, in the Nelson district, is a small property and operation may continue for some time. The Pioneer is also an old mine which has been rejuvenated, and which gives every promise of maintaining an important production for many years. A new mill with a daily capacity of 300 tons is being erected to replace the 100-ton mill now on the property, and a shaft being sunk to a depth of 5,000 feet. The vein has been proved for a length of 1,860 feet on the eighth level, with an average width of 3½ feet. The ore on this level averages \$20 to the ton. Dividends at the rate of 12 per cent.

per annum are being paid on the company's capitalization of \$2,500,000.

In a recent paper on "Lode Gold Mining in British Columbia," Mr. J. D. Galloway, the Provincial Mineralogist, estimates the reasonably indicated gold reserves in the known mines of the province, and in possible extension of known ore-bodies, to be \$30,000,000. This is exclusive of placers and probably as large a reserve as the province has had at any one time in its history; yet, since 1883, lode gold to the value of \$140,968,011 has been produced. Reserves indicated at present, in conjunction with the possibilities and possibilities of semi-developed mines, prospects and unprospected areas, portend a bright outlook for gold mining in the province.

In the Yukon the placers in the immediate vicinity of Livingston were being prospected vigorously during the summer of 1931. This area had been practically abandoned for a number of years. Considerable activity was also in evidence in the vicinity of Carmacks, where a lode gold discovery was made during the summer of 1930. The scene of the discovery was later visited by a number of geologists, but no reliable information is available as to its nature or extent.

### Peace Garden

Proposed To Plant Decorative Strip Three Thousand Miles Long

Recently a number of Canadian business men in England have been agitated as to the likelihood of their giving financial and other support to a picturesque scheme for establishing a strip of decorative landscape garden the whole of the way along the Canada-United States border. This border is already famous for the absence of a single reforestation.

The idea appears to be that a fund of five million dollars be raised by public subscription in the United States and Canada, the bulk of which might come from those who might benefit by the tourist trade likely to be increased greatly by the given an attractive lure, and the garden—3,000 miles long might be maintained by the interest on such a fund.

At various points along the border botanical museums and hothouses might be established where delicate trees and plants could be reared. Such a project, too, would provide work and incidentally settle the problem for many parents of what to do with their sons because of the limited number of good gardeners in North America.

Such a garden would bring much publicity to both Canada and United States and because of its unique position, forming the boundary between two countries and because of its great magnitude, stretching 3,000 miles and dividing a continent, it should merit a place as perhaps the eighth wonder of the world.—Regina Leader.

### Canadian Banks

There are 10 chartered banks in Canada with over 4,000 branches of which 179 are in other countries, mainly in Newfoundland, the West Indies, Central and South America and also in the great centres of international finance, London, Paris and New York. The assets of Canadian banks are placed at \$3,045,000,000.

Latvia has been cutting down its unfavorable trade balance every month for almost a year.

"I am sorry to tell you that your husband will never walk again."  
"I'll go and tell him. He will be so pleased!"—Felicite Mele, Paris.

## "Old Granite" Softens Up

Throwing off the cares of state and the worries attendant upon the presidential election, President Paul von Hindenburg, of Germany, is shown as he looks it stroll the Wilhelmstrasse at Berlin with three of his grandchildren. President von Hindenburg is still regarded as the most popular man in Germany.

## Estevan Nurseries Make Gift Of Trees

100,000 Caragana Donated For Planting For Demonstration Purposes

Before the Orders of the Day were read at last week's meeting, March 8, the Hon. J. P. Bryant, K.C., Chairman of the Drought Commission, read to the Saskatchewan House a letter just received from the Prairie Nurseries, Limited, in which they offered to the Government a free gift of 100,000 heavy three-year-old caragana shrubs to be used in connection with the demonstration plot of the Government. The letter is as follows:

March 4th, 1932.

Dear Mr. Bryant:—Your address in Estevan last week, and the press reports of the work of the Saskatchewan Commission on Forestry, have impressed us with the far reaching possibilities for public good of the tree planting program you have inaugurated. As commercial nurserymen, we are not particularly enthusiastic over the planting of your program that contemplates the establishment of another Government tree planting agency. We heartily approve, however, of the educational and experimental work you are doing, and we fully realize the urgent need for general co-operation in combating drought, soil drifting and wish to aid in the establishment of the drought demonstration area contemplated by your Commission.

To this end, our Directors have decided to offer the Province of Saskatchewan one hundred thousand (100,000) heavy, three-year-old Caragana, free of charge. We make this offer because we understand that your Budget does not permit the purchase of the required stock and we are certain that delay until Government stock is large enough to plant, will greatly lessen the effectiveness of your reforestation program. The time to start your demonstration program is before the public has forgotten the bitter lessons of last summer's drought. This offer is made with the understanding that the Caragana is to be used only in the main demonstration area near Regina, and that the plantings be made the coming Spring. The demonstration plantings will provide valuable information for the farmers of Alberta and Manitoba, as well as those residing in Saskatchewan. We wish you every success in your efforts to secure the full co-operation of the public in combating drought, we are,

Yours very truly,  
Prairie Nurseries, Limited,  
T. A. Torgerson,  
Managing Director.

Commenting on the above letter Mr. Bryant stated that he desired on behalf of the Government and on behalf of the Drought Commission to acknowledge the splendid gift of the Prairie Nurseries, Limited. The gift was extremely timely and was very generous. He hoped that it would be a blessing to the Province who would bless the farmers in the experimental area who would benefit the benefit of the experiment, and that it would bless the Nurseries Limited, themselves, in the years that was to come.

Mr. Bryant stated that the Government had already acquired 50,000 Caragana for the demonstration plot surrounding the Gaol. The 100,000 caragana received from the Prairie Nurseries and the 50,000 which were available from the Forestry Station this year for the demonstration plot, would give 200,000 trees, and enable them to plant nearly forty miles of caragana hedge. This would be arranged in an area of one-half township starting at Winnipeg Street and No. 1 Highway, including an area one mile south of the main highway and two miles north of the main highway to a point six miles east of Winnipeg Street. This is in the heart of the heavily drifting area, and was chosen as a demonstration plot for the following reasons:

It surrounds the Gaol farm and the supply of seedlings in future would be readily available.

It is along No. 1 Highway and adjacent to the main line of the Canadian Pacific Railway and therefore is excellent for demonstration purposes.

It is in a convenient location so as to be under the direct supervision of the Superintendent of Institutions, Farms, of Mr. Ross, of the Forestry Station, and of the representative of the Federal Experimental Farm.

It represents a class of land varying from heavy clay soil to light, sandy soil.

It will give an opportunity for testing the value of hedges for the protection of the highways as the hedges will run along both sides of the highway for a distance of six miles and four rods back from the road.

It will give an opportunity for testing the growing of grasses, as arrangements have been made for two thousand pounds of Brown Grass, two thousand pounds of Western Rye, and one thousand pounds of Alfalfa, with the Field Crops Branch and the Federal Department of Agriculture, and under this arrangement the farmers

## Lead Colds Relieved With Vapors

Snuff Vicks up nose or melts in hot water and inhale vapors

**VICKS VAPORUB**  
OVER 7 MILLION JARS USED YEARLY

will return the grass seed pound for pound that they receive. The amount of grass should enable the strip near the road to be planted to grass and should give ten acres of grass to each farmer on a one-half section basis; the grass sowing to be extended from year to year.

The cultural methods of various kinds recommended by the Committee will be observed and recorded by our Institutional Farms Staff. This will include the various methods of spring cultivation, strip farming methods, the different summerfallow practices, and the fall cultivation.

This is the first concrete area in the Province where an attempt has been made on a large scale to prevent soil drifting on this basis. The programme will develop from year to year and we trust that the farmers from all parts of the Province who visit the Regina Fair and the World's Grain Exhibition will take the opportunity of visiting the demonstration area.

The work is being done by the Provincial Government with the hearty co-operation and assistance of the Federal Government, Department of Agriculture, and Mr. Norman Ross, Chief of the Forestry Branch, and the head of one of the Experimental Farms will work in conjunction with the Superintendent of Saskatchewan Institutional Farms in connection with the matter.

The fact that we are able to start the fallowing demonstration program for the full experiment this year, stated Mr. Bryant, is due to the generous and magnificent gift of the Prairie Nurseries, Limited.

## Recipes For This Week

(By Betty Barclay)

### BREAKFAST MUFFINS

2 cups spicing cake flour, sifted.  
4 teaspoons baking powder.  
1/2 teaspoon salt.  
1 egg, well beaten.  
1/4 cup milk.

4 tablespoons butter or other shortening melted.

Sift flour once, measure, add baking powder and salt, and sift again. Combine egg and milk and add to flour, beating until smooth. Add shortening. Bake in greased muffin pans in hot oven (400 degrees Fahrenheit) 25 minutes. Makes 10 muffins.

### USE ORANGE AND LEMON PEEL

You throw away many a delicious morsel when you cast your orange and lemon rinds aside. Grated rinds are used by the best cooks to flavor cakes, pies, breads, puddings, fillings, sauces and other foods.

In grating, only the yellow portion of the rind should be removed. This portion contains the oils that give the flavor. Grated peels may be used fresh or mixed with sugar and kept in a tightly-covered jar. Where the whole peel is used it is ground fine, mixed with sugar, and used in the same manner as the grated rind.

### The Canning Industry

In 1931 a total of 151 canning establishments in Canada canned or packed 5,960,388 cases of vegetables, of which 2,045,858 were tomatoes; 1,356,879 were corn; 1,118,760 peas and the remaining being asparagus, spinage, etc. The pack of fruits was 734,531 cases, the leaders being pears, peaches and raspberries.

### Once Is Enough

A new flower, discovered in Central Africa, is to be called *Niduloidophantanthemum*. We hope not to have to refer to this again.

### Sluggish Liver And Rheumatism

Both Corrected By Famous Vegetable Pills

"I received immediate relief from Carter's Little Liver Pills," declares Mr. Arthur P. "I recommend them to suffer from Rheumatism and Indigestion." Because they are PURELY VEGETABLE, they are effective to both liver and bowels. Dr. Carter's Little Liver Pills are without equal for correcting indigestion, constipation, nervousness, headaches and poor complexion. 25c. & 75c. per jar. Sold everywhere.

## SUNDAY SCHOOL LESSON

MARCH 27

### JESUS RISES FROM THE DEAD—EASTER LESSON

Golden Text: "But now hath Christ been raised from the dead, the first-fruits of them that are asleep." 1 Corinthians 15:20.

Lesson: John 20:1-31.  
Devotional Reading: Revelation 1:10-18.

#### Explanations and Comments

Mary Magdalene at the Empty Tomb, verses 1-3. On Sunday, the first day of the week, Mary Magdalene came early to the tomb where Jesus' body had been laid.

"She caught no scent of budding almond tree; Her eyes, tear-blinded still from Calvary."

Saw neither Lily nor anemone—Naught save the sepulchre.

and that sepulchre was empty! She hastened away to tell Peter and John that "They have taken away the Lord out of the tomb, and we know not where they have laid Him."

Peter and John At the Empty Tomb, verses 3-10. "There is an assured matter-of-factness about the account. Skeptics tell us that visions are common and that excited people are easily deceived. But we have no word of visions here. The writer does not say that he saw the Lord. He tells us only of two fishermen running; of solid commonplace articles such as grave-clothes; and of observations which could not possibly be mistaken, such as that the tomb was empty and that they were in it. The story is not a contrived narrative like this when it tells me the grave was empty."

Mary Magdalene and the Risen Lord, verses 11-18. "The two disciples were empty, thinking nothing more could be learned at the tomb, but Mary carried. 'A stronger affection riveted to the spot a weaker nature,' is Augustine's comment."

"When stooping she looked inside, there came Angel-voices from where her Lord had lain;

"Woman, why weepest thou? Answering she had turned away, Unseeing still, had heard him say, 'Whom seekest thou?'"

"Ages have passed since then, and still we stand without Anger's empty tomb, with sorrow, fear and doubt;

Why was Mary's lesson given? We walk with blinded eyes, still weeping.

At an empty tomb our vigil keep? Our Lord is risen."

—Jean Cross Hansen.

"Woman, why weepest thou? When stooping she looked inside, there came Angel-voices from where her Lord had lain; The first words of the Risen Lord, 'We halt to take them in, it is so easy to imagine that the first utterance of the Conqueror of death would have been different—some command or rebuke to His apostles, some great declaration of victory; No! It is an inquiry concerning woman's sorrow and a woman's grief. It is as if our Lord was declaring that His own pain and grief for ever past. He still cared more for the griefs and struggles of mankind than anything else.' R. C. Gilie."

"The question of Jesus to Mary in the empty tomb was due to her ignorance of a blessed fact that would have made it useless; and my weeping at the grave of lost joys, or lost hopes, or lost ambitions may be the same ignorant and useless thing. Jesus has much better things in store for me than those which I have lost, and if I only knew all that He does of the case, I might find that I have been weeping over losses, where I ought rather to have been giving thanks."—G. H. Knight.

Jesus called her by name, and she knew Him and called Him Rabboni, Teacher.

"I was reading an old Jewish commentary on that word 'Rabboni.' The commentator says 'Rab' means Master, 'Rabbon' means My Master, 'Rabboni' means My Dear Master.'—Charles Ingles."

"Touch Me not; for I am not yet assured of the Resurrection," Jesus said to Mary, as she was about to clasp His feet in adoration. The Greek verb 'touch' is primarily 'to feel.' In Vincent points out, 'to feel' is hence it implies here not a 'singing' to Him, but a 'feeling' to Him. She must adjust her faith to new conditions, must learn to do without the physical appearance of her Lord, must learn to rejoice in a spiritual reality only.

### Beek Origin Of Earthquakes

A new depth, 24,000 feet has been discovered in the Caribbean Sea, and scientists are hopeful that clues may be furnished there to the origin of earthquakes. Four thousand fathoms deep, however, is enough to daunt anyone but a movie diver, so the scientists may have to resort to instruments.—Montreal Gazette.

Experiments are being made in Ireland of the possibility of making silk stockings from seaweed.

## COMFORT for COLICKY BABIES

### ... THROUGH CASTORIA'S GENTLE REGULATION

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria, a pure vegetable preparation specially made for babies and children, contains no harsh drugs, no narcotics, no harmful chemicals. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:

Castoria  
CHILDREN CRY FOR IT

## WORLD HAPPENINGS BRIEFLY TOLD

Maurice Dupre, solicitor-general of Canada, has been elected vice-president of the naval commission of the disarmament conference.

Canada's export of poultry has more than doubled in the last twelve months ended January, according to the Dominion Bureau of Statistics.

A Dominion Bureau of Statistics report shows that the Indian population of Saskatchewan increased during the last ten years to 11,839, a gain of 1,905.

Fire losses in Canada for February were estimated by the Monetary Times at \$3,981,560 as compared with \$3,417,760 for January and with \$4,689,325 for February of last year.

Neville Chamberlain, Chancellor of the Exchequer, hopes to attend the Imperial Economic Conference at Ottawa as a member of the British delegation.

It has been estimated that approximately \$40,000 will be required to finance the dispatch of Canada's team to the tenth Olympiad at Los Angeles this summer.

Commercial failures in Canada during January numbered 238, according to the Dominion Bureau of Statistics. Liabilities were placed at \$4,060,000. In the corresponding month last year, failures were 240 and liabilities \$3,970,000.

Part one of the report of Sir Alexander Gibb, eminent London, England, port engineer on his survey of Canadian ports is in the hands of the government, and the final part of it is on its way from London to Ottawa.

Sir Philip Sassoon, under-secretary for air, announced in the British House of Commons that the Schneider trophy air races were completely over. "The contest has outlived its usefulness," he said.

### Wanted a Road

A deputation of ratepayers had called upon the local council to protest against the condition of a certain road. After all had been heard, the Chairman of the Board, in a polite manner, said: "From all reports, I'd say the road was fairly good, taken as a whole."

"True," said the spokesman for the complainants, "but we want to use it as a road, not as a whole."

Try Lydia E. Pinkham's Vegetable Compound

"Please Let Me Alone"

Out of doors—disagreeable Lydia E. Pinkham's Vegetable Compound is found so many women whose nerves are frayed by those dreadful "monthly" headaches.

## Try COFFEE . . . this Way!

ONCE YOU start having Jordan's St. Charles milk in your coffee, you will never again go without it in the house. It blends in smoothly, tender the coffee to a rich golden brown, and has a rich texture that makes one come back for more.

## NON-POLITICAL FARM INQUIRY IS SUGGESTED

Winnipeg, Man.—Thorough investigation of the agricultural situation in western Canada with a view to evolving plans for economic rehabilitation by a non-political commission backed by the governments of the three prairie provinces was proposed in the Manitoba legislature.

The sponsor of the plan was I. B. Griffiths, government member for Russell.

Recommendations of the commission, he said, should be placed before the coming Imperial Economic Conference at Ottawa. Mr. Griffiths was speaking in the debate on a resolution to direct the agricultural committee to devise a debt adjustment scheme which would keep farmers on the land.

First requisite to success, he declared, was an entire absence of politics. He suggested Arthur Meighen, former prime minister of Canada, Charles Dunning, former minister of finance, together with a representative of a mortgage company, a person familiar with western agriculture, and an ordinary dirt farmer as members of the proposed commission.

Describing western conditions as serious, Mr. Griffiths urged the government to sound out the governments of Saskatchewan and Alberta on the scheme as soon as possible. If the commission's recommendations were practicable, he predicted business would improve. Confidence would be restored.

One of the important duties of the commission would be to find a way to prevent wholesale foreclosure. As the situation stood any improvement in farm prices would bring a rush of creditors and foreclosures and evictions on a large scale were threatened. If something were not done western agriculture would be irreparably injured. Individual ownership would disappear and tenant farming would be the rule.

## For United Ireland

De Valera Hopes To See Fusion Of

North and South

Dublin, Irish Free State.—President Eamon de Valera declared that he hoped to see "the unnatural boundaries between North and South Ireland broken down."

The president expressed the hope in an interview in which he set forth his views on public problems. He asserted that the oath of allegiance to the king would be removed at the next session of the dail, that no more land committees would be put to Great Britain, and that the Public Safety Act would be suspended at the next session of the executive council.

He also expressed the hope that the offices of governor-general of Ireland and president of the Irish Free State "in time be merged."

North Ireland, the section of the country which is heavily Protestant, refused to go along with Southern Ireland when the Free State was formed.

## Buying Russian Timber

English Importers Contract With Soviet Importers For Supply

London, England.—A contract has been entered into between English timber importers and Soviet Russian exporters for a supply of 2,100,000 cubic metres of timber during the present year. The purchasers have organized a special company entitled "Timber Distributors, Limited" comprising 160 firms, shares in which are being distributed among timber importers throughout England.

The government has introduced in the House of Commons a bill which would prohibit importation of goods made in foreign countries by forced labor, but its effect on this cannot be seen at the moment. Canada has a general embargo against Russian products.

## Degree For Mellon

Edinburgh, Scotland.—The university has decided to confer an honorary doctorate on Andrew Mellon, who will be the new United States ambassador to Great Britain.

W. N. U. 1934

## Abolition Of Fair Grants

Livestock Men To Ask Government To Reconsider Matter

Ottawa, Ont.—Decision of the department of agriculture to discontinue grants to the larger class "A" exhibitors and winter fairs was striking at the very roots of agriculture and livestock improvement in the Dominion, members of the Canadian National Livestock Records Board, representing 21 Canadian Breed Associations, decided here. Speakers stated it was a move in the wrong direction and had economy and was bound to do harm. Finally a committee was named to wait on Robert Weir, Minister of Agriculture, and suggest further consideration of the grant cut.

It was stated the department should not have sprung the cut without warning. In many cases, plans for 1932 had so far advanced that the only place a saving could be made in keeping with the cut was in the prize money.

Speakers thought cutting the grant out altogether was too drastic a measure to take in a single year. The large exhibitions and agricultural shows had been considered the best vehicles for improving in livestock but without the grants they were likely to relegate agriculture and stock to the background and the whole industry would suffer.

## Garnet Wheat Grading Will Be Considered

Motion Introduced To Refer Resolution To Committees

Ottawa, Ont.—The grading of Garnet wheat will be the subject of consideration by the Commons Committee on Agriculture.

In the House H. H. Stevens, Minister of Trade and Commerce, introduced a motion to refer a resolution asking for a separate grading of this type of wheat to the committee.

Last fall the grain standards committee at Winnipeg passed a resolution recommending that after July 31 Garnet wheat should not be graded in the first four grades of red spring wheat and further recommended that the following grades be established: Nameless, No. 1 C.W. Garnet, No. 2 C.W. Garnet and No. 3 C.W. Garnet. It was this resolution that will be referred to the committee.

At present Garnet wheat enters the same grades as Marquis and other red varieties.

Mr. Stevens told the House he was convinced that to place Garnet wheat in separate grades would necessitate a change in the Canada Grain Act. He was, therefore, turning the resolution over to the agricultural committee without comment either for or against such a change.

## Drop In Tourist Trade

Decrease Applies Only To 24-Hour Permit Cars

Ottawa, Ont.—A slight falling-off in the entry of foreign tourists automobiles into Canada was recorded for 1931 in comparison with the figures for the previous year, according to a statement issued by the department of national revenue. The grand total for last year was 4,909,989. The drop involved only those tourist cars entering Canada under a 24-hour permit, however, for there was a large increase (172,723) in automobiles entered under the 60-day permit. There were 24,487 tourist cars in Saskatchewan during the year. This is a decrease of 2,113 from 1930.

## Gandhi's Wife Arrested

Is Sentenced To Jail For A Period Of Six Months

Bombay, India.—Mrs. M. Gandhi, wife of the jailed leader of Indian independence, was re-arrested and sentenced to jail for six months. Mrs. Gandhi was placed in the C. class of hard labor, in contrast with the special treatment accorded her husband. She was released from prison two weeks ago and visited Gandhi in jail after which she went to Chordoli and continued the national congress activities.

Canadian telephone systems at the close of 1930 included a wire mileage of 4,880,224 or 3.4 miles of wire per inhabitant. There were 1,402,861 telephones.

## PRESENTS BUDGET

Hon. E. A. Dunlop presented the Ontario Budget in the Legislative Chamber on March 11th, when he proposed taxation on gasoline, liquor and wines, and corporate companies, in addition to strict economy in 19 of the 29 spending departments.

## B.C. Expects Surplus

Favorable Balance By Reducing Expenditures and Increasing Taxation

Victoria, B.C.—By reducing expenditures and increasing taxation, J. W. Jones, Minister of Finance, informed the British Columbia Legislature in his budget speech, that he expects to produce a surplus of \$150,095 in the fiscal year commencing April 1.

There will be one income tax instead of the present three-way impost. Salaries up to \$1,000 annually will pay one per cent; two per cent will be paid on the second thousand, three per cent on the third, etc. up to \$10,000 when the tax would approximate 10 per cent, where the income would stop. For instance, a man earning \$2,000 would not pay two per cent on that amount, but one per cent on the first thousand and two per cent on the second thousand. There are exemptions of \$500 for married persons, and \$200 for each dependent, also on life insurance premiums up to \$300. Business firms pay the tax on net profits.

## Taking Long Plane Trip

Prince Albert Man Goes North To Buy Furs

Prince Albert.—D. E. "Deli" Simons plane has left on a history-making 2,000 mile air jaunt which will carry him to the barrens and back on a fur buying trip. Among points to be visited is Nuelin Lake, about 800 miles north of here by air in the barrens. At this lonely spot Simons will meet Eskimos and exchange merchandise, with them for the furs taken this winter. By April 1, he expects to complete a journey which would require five dog teams and more than two months to complete by the slower antiquated mode of travel.

## Statesmen and Friends

This is the most recent photograph of the late Aristide Briand, famous French statesman, to reach this side of the Atlantic. The photograph was made upon the occasion of Briand's recent meeting with Premier MacDonald of England. The man who was eleven times Premier of France, recently retired as Foreign Minister in the Cabinet of Premier Laval because of ill health. Since then he had been under the care of physicians at his estate at Cocherel, where he passed away at the age of sixty-nine.

## We Communist Schools

Claimed Three Schools and Two Summer Camps Are Conducted in Toronto Vicinity

Toronto.—Declaring he had been asked by the law enforcement forces of Toronto to bring the matter to the attention of the House, Russell Nesbitt, Com. Toronto, Brantford, charged in the Ontario Legislature, that the Communist Party of Canada was conducting three schools and two summer camps in and about this city.

It appeared unwise to sentence Communist leaders to the penitentiary and "at the same time allow schools to exist whereby children are being educated to carry on the same purpose for which their leaders in the same movement are being sent to the penitentiary," he declared.

Questioned later whether steps would be taken to close the schools referred to by Mr. Nesbitt, Premier George S. Henry replied: "I don't think so."

## Faith In Britain

Predicts Empire Will Soon Become Strongest Economic Unit In The World

New York, N.Y.—A prediction the British Empire would soon evolve into one of the strongest economic units in the world, was made here by Gerald Campbell, British consul-general, speaking before the Ulster Irish Society on British affairs.

British subjects, he said, are no longer talking pessimistically as they did after the Imperial Conference in 1926.

"As things have gone," he said, "as other countries have become wrapped up in themselves and as tariffs have been raised higher and higher against us, we have come back into the Imperial bosom and now we are all preparing to help one another at the conference which will assemble in Ottawa next summer."

## Tax On U.S. Sunday Papers

Tariff Of Five Cents Per Copy Is Being Urged

Ottawa, Ont.—A tariff of five cents per copy on all United States Sunday papers entering Canada is being urged upon the government. Representations have been made to the administration, it is learned, that imposition of such a duty on American Sunday papers would increase the annual revenue of the country by \$500,000 per annum.

While the matter is before the government no definite decision on the representations has been made.

## Lifts Embargo On Fruit

Paris, France.—The French government last night lifted a blanket embargo on fresh fruits from Canada, the United States and several other countries, imposing instead conditions under which fruit will be admitted. The embargo was imposed last week to prevent the entrance of the San Jose scale into France.

## CONSCRIPTION OF WEALTH BY THE STATE IS URGED

Ottawa, Ont.—Conscription of wealth by the state in this hour of trial, was advocated in the House of Commons by Thomas Reid, Liberal, New Westminster.

The Dominion, he said, must take extraordinary methods to lift the country from the mire of depression. Interest rates should be limited and controlled; unemployment insurance should be adopted and money loaned by the Dominion to the province and municipalities at rates as low as 3 per cent, to enable them to continue unemployment relief measures.

The House again was debating the government proposal to extend until May 1 the provisions of the Unemployment Relief Act of last session—the "blank cheque legislation." The debate has been dragging on intermittently since the first of the month.

Mr. Reid denied that Liberals were "blackbalding" government legislation. He believed the amount required for unemployment and farm relief could be calculated and a fixed amount placed in the supplementary estimates in place of the "blank cheque" measure.

Mr. Reid criticized expenditures by the British Columbia government under the unemployment relief scheme, and said the "bulk" of the three and one-half million dollars handed over by the Dominion to the province had been used in buying a vast stock of supplies rather than giving work.

"It was just a case of the pork barrel," he said. "It was a case of come and get—come and get. And believe me, they did it."

"No party of this parliament is responsible for the present conditions," said A. A. Heaps (Labor, Winnipeg North).

By paying 5 1/2 per cent interest on bonds issued in its recent loan, the government, Mr. Heaps claimed had depreciated indirectly the value of other bonds.

## Fight Sham Battle

Japanese Troops Engage With An Imaginary Enemy

Shanghai, China.—Japan's victorious forces fought part of the "battle of Shanghai" all over again, but this time it was a sham action.

The troops that drove the Chinese out of Miao-chungchen, routed an imaginary enemy for the benefit of Japanese military authorities and a few foreign observers. The rattling of machine guns aroused Chinese in the vicinity, but they soon learned that it did not mean a resumption of hostilities.

Four thousand men of the Japanese 24th mixed brigade took part in another sham battle inland from Shanghai which commemorated the bravery of three engineers during the real fight a few weeks ago.

These engineers leaped into the Chinese barbed wire entanglements with armfuls of explosives and were themselves blown to pieces while blasting a hole through the barricade. Meanwhile negotiations looking toward permanent settlement were continued with the aid of neutral mediators.

As a result of these negotiations the Japanese have approved in principle proposals for a truce and for the withdrawal of fighting troops. They made certain modifications which were taken under consideration by the Chinese.

## Department Of Indian Affairs

Vacancy Created By Retirement Of Superintendent-General

Ottawa, Ont.—Retirement of Dr. Duncan Scott, superintendent-general of Indian Affairs, creates a vacancy which will be filled shortly. Several names are being suggested for the post, and perhaps the most prominent is that of Superintendent W. M. Graham, Regina, in charge of the Indian Affairs of western Canada.

Ordinarily, Mr. Graham would have been certain of promotion, but his age stands against him, and it is believed he either has been or will soon be superannuated. Mr. Graham, the appointment almost certainly will be given to one of the senior officials of the Indian Department here.

## The Old and the New

The two models have been shown at the Chateau-de-Ramezay, Montreal, recently in an exhibition of a century of locomotives. Right is the "Dorchester", operated in 1836 to 1850 on the Champlain and St. Lawrence Railroad between St. John's and La Prairie, Quebec, the first train to run in Canada. Left is the 1900 type Canadian Pacific Railway locomotive, a model of the great machine that draws modern passenger trains across the Dominion.

Comparison of the two locomotives will bring home the immense development in the past 100 years. The four driving wheels of the "Dorchester" were 48 inches in height. The six driving wheels of the 1900 type locomotive are 70 inches in height. Engines and tender of the "Dorchester" were just over 10,000 lbs; the 1900 is 64,500 lbs. Tractive force of the "Dorchester" is not given, but it must have been

greatly less than the 45,000 lbs of the Canadian Pacific engine. Engines and tender of both locomotives had respectively eight wheels and twenty wheels. A further indication of the vast spread in operation values between the old and the new is seen in the figures of the latest and most powerful Canadian Pacific engine, the "8600" type, capable of pulling a freight train of 150 cars, or over a mile in length.

## "Northern" Rubber Footwear

## Brightbank News

Quite a number from this district attended the Hanson Corners dance on March 18.

Mrs. M. Almond, who has been successfully farming her half-section in this district for a number of years, is leaving soon for Vancouver Island to take charge of her brother's ranch, north of Victoria.

A party of friends gathered on Thurs. last, March 17th, at the home of Mr and Mrs. J. Young, to participate in the birthday celebration of Miss Marjorie.

Miss Elsie Savard of Carvel was a visitor with friends in this district.

The U. F. A. whist drive and dance held here last week was a very successful event; first, second and consolation prizes being given.

Auctioneer Washburn intends holding a clearance sale on the farm of Mr. E. Holt, SE 36, 51, 2 & 5 just south of Lucknow school, on Tuesday next, March 29; the will be no reserve.

A U.F.A. hard time dance will be given Friday, April 15 at Lucknow Schoolhouse. Prizes will be given for the best hard times costumes. Admission, gents 35¢; ladies will please bring lunch.

## United Church Notes.

Special communion and reception services will be held in Stony Plain tomorrow (Good Friday) at 11 a.m. Dr. Mitchell, formerly of Robertson church, Edmonton, will be the speaker.

The attendance at the Sunday school is steadily increasing.

We hope to commence the big Gospel rallies in about a month, if roads permit.

Plan to attend the service at United church on Easter Sunday.

A very successful Young People's Society is in operation at Spruce Grove, under the leadership of Mrs. Sutherland. In the near future an illustrated lecture is to be given on "Jasper Park" by Capt. E. R. Gibson. The society is about to buy a communion table for the church.

A congregational meeting is to be held at Spruce Grove shortly.

## The Steer and the Snowball.

The Ponoka Herald recently carried the story of the queer trick that was played on a steer by Old Man Winter, and how the animal was rescued from perishing by a narrow margin, when found. A rope had been attached to the animal's horns, and this was dragging about a foot along the ground. During a soft spell of weather a ball of snow about the size of a regulation football had accumulated on the end of the rope. This ball became anchored to the ground by sudden below-zero weather, rendering the steer powerless to seek shelter from the bitterly cold wind. The steer's owner says it took a considerable pounding to break the ball, frozen hard to the ground.

U.F.A. Junior Dance at Holborn Hall, on Friday, April First!

## Stores Closed Tomorrow

Business patrons are kindly asked to note that all stores and business places in the town of Stony Plain, in conjunction with those in the rest of the Dominion of Canada, will be closed tomorrow (Good Friday).

## Spruce Grove News.

Mrs. Ferguson Smith was in the City from her farm at Spruce Grove, over the week end, a guest of Mrs. Robert Dinning.

Miss I. Curtis has gone to Peace River district, where she is attending the annual Sports regatta, which is being held at Grand Prairie.

The Spruce Grove barber salon is now under the able management of Mr. Alec Bauer, formerly of Stony Plain.

Rev. F. W. Bencke, pastor of Glory Hills Baptist Church, held a most interesting service at the home of Mr. and Mrs. Dan Brux, on Sunday, March 13th.

Capt. E. R. Gibson gave a very interesting illustrated lecture dealing with his various mountaineering expeditions at Jasper Park, this week, at the United Church.

Rumors are current around town that an independent oil company is intending to erect a modern service station somewhere within the town site. Information as to the exact location is being guarded rather closely.

The sale is reported of the 50-ft. lot opposite the blacksmith shop, with a frontage on the Highway.

## GLYCERIN MIX REMOVES CAUSE OF STOMACH GAS

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, acts on BOTH upper and lower bowel, removing poisons you never thought were there and which caused gas and other stomach trouble. Just ONE spoonful relieves GAS, sour stomach, sick headache and constipation. Don't take medicine which cleans only PART of bowels but let Adlerika give you a REAL cleaning and see how good you feel! It will surprise you! J. F. CLARKE, Druggist.

## WHY SUFFER FROM HEADACHES,

Pain in and around the Eyes? The right glasses fitted to your eyes will surely relieve you and give you comfort. Glasses furnished Free. Ten dollars examination fee. That is far cheaper than paying \$5 to \$10 for an examination and then glasses at \$12 to \$15; but if you cannot see the logic of this; you need more than glasses.

M. M. Mecklenburg,  
41 Years' Experience,  
28 years in Western Canada.  
10229 101st St., Edmonton.

## Hockey Gossip.

The second game in the play-off for the championship of the local hockey league took place at Onoway on the 17th between Flyers and the Onoway team. The condition of the ice left a lot to be desired. Onoway won by 4 goals to Flyers' 2.

Time—Three 20-min. periods.  
Onoway goalie—M. DeForest.  
Referee—Matt & Jeff.

By agreement, the third game was played at Stony on Saturday night. The Flyers, as usual, were shy a player, but bore up bravely. At the end of the first period the visitors owned the only goal made, up to that time. The heavy on slaughts made by the stalwart brigade from the town up north gave one the impression that they were on their way to victory, and the shots rained on the Flyers' goal were innumerable, but Goalie Meyer was there with his piece of slab and stopped enough to enable his team to put the game in the bag; Flyers 3, Onoway 2.

Referee—J. P. Miller.  
"O what a difference a good Ref makes!"

Arrangements were under way to hold the deciding game at the Arena, but the information was conveyed to us that that ice was not available. The standing of teams, before the play offs:

	P.	W.	L.	T.
Flyers	12	3	9	18
Onoway	12	5	7	14
Wabamun	10	8	4	8
Tigers	12	9	3	6

## Stony Plain and District

Mr and Mrs Michael were present on Saturday evening at the dinner and dance at the Macdonald, given by the Commercial Travellers.

Visitors in town Tuesday included Joe Simpson, Edmonton, and Dan McKinlay, Nainao.

Mr Bert Becker was a business visitor to the City Monday.

Mr Hilding Larson, the popular manager at the Royal Cafe, Stony Plain, was receiving congratulations Monday, it being the anniversary of his birthday.

EGGS WANTED at the Royal Cafe.

## 2 Meals a Day, Plenty

### Water, Helps Stomach.

"Since I drink plenty water, eat 2 good meals a day and take Adlerika now and then, I've had no trouble with my stomach," C. DeForest.

Unlike other medicine, Adlerika acts on BOTH upper and lower bowel, removing poisonous waste which caused gas and other stomach trouble. Just ONE spoonful relieves gas, sour stomach and sick headache. Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! J. F. CLARKE druggist.

## Births.

In Edmonton, on Tuesday, March 22d, to the wife of Mr Otto Hoffman twins (boy and girl).

## Going on a Holiday.

Mr George J Bryan will be absent from his office during the first two weeks of April; but Mr F W Barclay of Edmonton will look after his practice, and will be in Stony Plain during Mr Bryan's absence.

## Confirmed at St. John's.

The following were confirmed on Palm Sunday, March 20, at Evangelical Lutheran St John's church, at Blueberry—

Emil Enders  
Otto Enders  
Johh Litzengerger  
Lydia Wendel  
Elizabeth Baron  
Alma Altheith  
Theresa Miller

## Spring Around the Corner

Just off the press is an 8-page booklet issued by the Hardwick Department Store, announcing an advance showing of new Spring merchandise, and that Spring is evidenced on every hand by new arrivals in every department. There are special values in every department which hold many pleasurable surprises for those who like to enjoy new styles. These include new Spring house frocks for women and misses in lovely patterns, smarter styles and fast colors.

In the men's and boys' department there is shown sensational values in men's caps, gloves, new broadcloth shirts, dress boots, and dress, merino, wool and cotton socks.

## The Wuerstmachers' Bee.

A great excitement took place at Golden Spike on Tuesday March 15, when Mr Duroc Jersey Sr. breathed his last at 10:31 a.m., caused by a shot from Mr Rheinhold with a .22 rifle bullet, which was rapidly followed by 3 blows from an ax by John. When this chanced to fail, George from Div. 3 immediately grabbed his two-foot sword and jabbed for the Duroc's jugular, while Eddie, willing to do his part, grabbed the porker's caudal appendage. After Mr Hog had been run thru the whisker separator he was hoisted up with block and tackle by George & Henry, of Div. 2. It required five more helpers who had come'd a long distance to make this 8994-pounder into sawsage. There was rods and rods of wuerst, some of it good and some not so worst. Fortunately one of the helpers was Ambidextrous and she was a great help everywhere.

The big day ended at 11:55 p.m. by Rheinhold taking a taste of the soddidge handed to him and all joining in a hearty cheer and in singing Himm 91: "Long May Last This Sossage!"—[Contributed]

Do You Know that the high bridge in glasses is the latest style. See M Mecklenburg, who will be at the Royal Hotel, in Stony Plain, on Friday, May 6.

## Spruce Grove News

Mrs A Sutherland departed for Kincardine, Ont., Thurs. last, March 17, where her brother is seriously ill.

Members of the United church held their annual meeting in the church Wed. Mar. 16th.

Mr Walter Brox, accompanied by Mr Reg. Pilcher, were business visitors to Edmonton on Monday, March 21st.

Miss L Curtis returned from Edmonton Thurs. March 17, where she had been gathering some inspiring news items for her column in The Hollywood Revue Magazine.

Mr Jack Nichols, popular restaurant magnate, was a business visitor at the Grove on Sat. March 19. During the course of an interview Jack remarked on the brisk business which is being carried on up in Stony.

Spring Has Come! So the Critics say. Possibly it is some more of that bench-warmers' hot air being carried along on the breeze.

## Funeral of Young Callihoo

George Lawrence Callihoo, aged 17, died Monday, Mar. 21, after an illness of one week. He was the son of Mr and Mrs Jas Callihoo. He leaves to mourn his loss, beside his parents, 7 brothers, five sisters.

The funeral took place on Wednesday, services being held at St Joseph's Church, by Rev C Keenan.

## R. C. Services.

Good Friday—  
Spruce Grove 2 p.m.  
Carvel 4.  
Duffield 7.30  
Sunday, 27th—  
Stony Plain 9.30  
Monday, 28th—  
Stony Plain 9.00

## United Church Notes.

Special Good Friday service at 11 a. m., with sermon by Dr Mitchell of Edmonton. Communion of the Lord's Supper. This is one of the most important services of the year.

Last Sunday, March 20th, regular services were held at three points. At Spruce Grove a very fine duet was given by Mr and Mrs Sherwin. At Holborn a choir of a dozen young people under the direction of Miss Anderson sang a selection. In addition, one member sang as a solo "Holy, Holy, Holy." The school was filled; this was the largest attendance for several months.

The address by the Pastor was based on the words "Can any good thing come out of Nazareth? Come and see."

## Notes.

Hog raisers will kindly note that Peter Henkel is buying hogs at Stony Plain every Thursday. Phone 21.

FOUND—Small parcel left in sleigh by mistake. Inquire Sun Office.

If others failed to satisfy you, See M Mecklenburg, at the Royal Hotel, Stony Plain, Friday May 6.

## SOMMERFIELD & MAYER,

Agents for Chevrolet and Oldsmobile Cars.

Agents for British America Oil Co.

SERVICE GARAGE, Stony Plain.

**Chevrolet is a Fully  
Modern Car, yet Costs  
Less for Gasoline, Oil  
and Upkeep**

NEW thrills await you behind the wheel of a new Chevrolet Six. Synco-Mesh gear shifting is the easiest thing imaginable! Free wheeling takes all the effort out of driving! You experience the dashing speed and vigorous "pick-up" of 60-horsepower! And, in addition, you enjoy the full benefit of built-in, six-cylinder smoothness. Moreover, all these pleasures of modern motoring are heightened by the knowledge that you drive a car that costs less to run. Chevrolet's famed economy starts on the day of purchase—and extends throughout the long, prideful period of Chevrolet ownership. For the new Chevrolet Six, with all its ultra-modern features and advantages, is offered in one of the very lowest price groups! And as far as operating costs are concerned, each day brings new proof that Chevrolet costs less for gasoline, oil and upkeep than any other full-sized car you can buy, regardless of the number of cylinders! Visit our showrooms—get the facts and figures on Chevrolet economy now. You'll be convinced that Chevrolet's new Six is the car to buy for modern, low-cost transportation—the Great Canadian Value!
